3. Log in with your first and last name. You will get either your name or you will have to add as a new student. Choose the correct response. You will then get a courses list.

Done

5. When you have read the information contained in the Training Program, take the quiz. When you have completed the quiz, you will get a confirmation.

6. The confirmation page tells you is you have passed or not. To pass, you need to answer 23 of the 25 questions correctly. When you have passed, you will receive an email with the completion certificate.

University of Delaware Department of Environmental Health & Safety				
THIS IS TO CERTIFY THAT				
Mary Elizabeth Kramer				
HAS SUCCESSFULLY COMPLETED				
Basic Right To Know Training for Teaching Laboratory Students				
CONDUCTED ON: June 9, 2010				
Certificate holder will have completed the necessary training to work with in an undergraduate teaching laboratory with hazardous materials, pursuant to the Occupational Safety and Health Administration, Hazard Communication Standard (29 CFR 1910.1200), State of Delaware Hazardous Chemical Information Regulation (Title 16, Chapter 24 of Delaware Code) and University Policy 7-27, Hazardous Chemical Information. Additional training is required based on the type of work performed.				
16-1. Cechia				
Program Administrator Kevin Eichinger Chemical Hygiene Officer				

7. Print the certificate (black and white is OK) and bring it to show your TA.
